HOW

Where to start

Pre-production

Pre-Production It's a preparatory stage for making a movie.

Screenplay / Camera angle / Shooting list / Wardrobe / Art-Prop / Casting / Script / storyboard / Port

Production

It is the process of filming a movie in shots (Shot) is filming according to the filming schedule for each phase of the script, which requires the use of real actors, performance scenes, and other related things.

Post production

It's the last step of filmmaking.

- Prepare movie – It prepares the compiled movie file.
- Editing movies and converting files into editing movies through the program. (Sound / Voice / Sub / Effect / CG)

Production process
